Emory University position in Operations Management

The Goizueta Business School of Emory University invites applications for a tenure-track faculty position in operations management beginning Fall 2009. The search is open to rank, however applicants currently at a senior Assistant or higher level will be given preference. All applicants should have a Ph.D. (or equivalent) in operations management or related area.

We are interested in candidates who will produce research of excellent quality that will have a high impact on the field. Candidates should be capable of research that balances managerial relevance with methodological rigor, and at the same time, excel in the classroom. The ideal candidate will have a proven record of scholarship and teaching.

The Information Systems & Operations Management (ISOM) area within Goizueta Business School is composed of operations management, information systems, and decision analysis/statistics faculty. An overview of the ISOM faculty research interests can be viewed at [http://www.goizueta.emory.edu/faculty/acad_area_decision.asp](http://www.goizueta.emory.edu/faculty/acad_area_decision.asp) as well as at our area’s Sharepoint site: [http://www.isom-gbs.net](http://www.isom-gbs.net). Our research strengths and accomplishments and the rising prominence of our ISOM scholars have enhanced the intellectual reputation of Goizueta.

The Goizueta Business School at Emory University is growing rapidly in size and reputation. Our state-of-the-art building provides an environment highly conducive to innovative research and teaching. We offer generous research support and three-course annual teaching loads.

Emory University is located in Atlanta, Georgia, which is among the best American cities to work and live, and a major hub for domestic and international travel. Home to the third largest concentration of Fortune 500 companies in the nation, Atlanta provides a multitude of opportunities to work closely with industry as well as leading healthcare institutions such as the Centers for Disease Control and Prevention and the American Cancer Society.

ISOM faculty will be at the upcoming Decision Sciences and INFORMS conferences. Please send a current vita, statement of research directions, and summary descriptions of teaching activities and evaluations to:
