New GBSNET passwords must include:

- 6 to 27 characters.
- Characters from three of the following four categories.
  1. English uppercase letters (A to Z)
  2. English lowercase letters (a to z)
  3. Base 10 digits (0 through 9)
  4. Non-alphabetic/numeric characters (e.g., @, #, %, !)

Passwords cannot:

- Be a word found in the dictionary.
- Contain all or part of your user account name.
- Be one of your three most recent GBSNET passwords.

Your password should be something that is easy for you to remember. Here are a few tips that can safeguard your password:
1) Never write your password down
2) Never give your password to anyone
3) Never tell anyone your password over the phone

We require only that you maintain a STRONG password and practice good safeguard procedures. There is currently no password retention requirement at Goizueta.
