This intensive, 3-day, 15-hour seminar provides hands-on experience in business innovation and creativity. Industry experts guide you through creative processes with exercises, presentations, and competitions.

- Discover your innovation potential
- Solve business problems creatively, effectively, and efficiently
- Learn techniques and develop skills you can use now to go to market differently
- Explore your natural creativity and differentiate yourself in the marketplace
- Leverage the creative problem solving process to produce inspired decisions and actions in your work and personal life

**Feb 23, 24 & 26, 2016**
Tuesday, Wednesday and Friday
10am - 3:30 pm
